

Q-riser 140

adjustable monitor stand

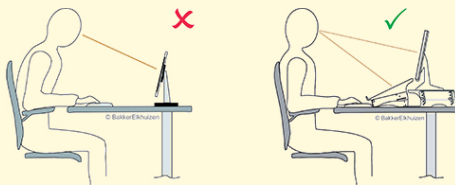

Set your screen to a comfortable working height

With the Q-riser 140 you position low-standing screens at a comfortable work height. This helps prevent excessive strain of the neck and shoulder muscles.

This ergonomic monitor stand fits all flatscreen and CRT monitors, and can bear a maximum weight of 25 kg.

We advise having a screen that can easily be adjusted and tilted so that every user can adjust its height.
