UPRISE

Suitable for laptops up to 17”.

This is not just a laptop stand, it’s your award winning agile working solution.

Uprise is different to most laptops stands as it is designed to vertically lift the laptop. This ensures that Uprise works with all laptops including laptops with a limited screen opening angle which can limit the height available on a standard laptop stand.

UPRISE has been awarded the coveted FIRA ERGONOMIC EXCELLENCE AWARD for the unique and outstanding ergonomic benefits it offers the user. Uprise easily configures into an ergonomic laptop stand lifting your laptop to a choice of 9 different settings from approximately 140mm to 240mm using our unique and innovative Smart Set adjustment system. Once you choose a suitable setting the Smart Set system will automatically adjust to your chosen setting the next time you open the stand to save time. Uprise also has an innovative A4 in-line document holder feature.

Benefits:

- Compactly folds flat for easy transportation.
- Supports laptops up to 17”.
- 9 settings
- Smart set angle adjustment system.
- Non-slip rubber feet.
- A4 Document Holder.

Compactly folds to just 338mm x 250mm x 7mm and weight just 330 grams!
